

End User Documentation

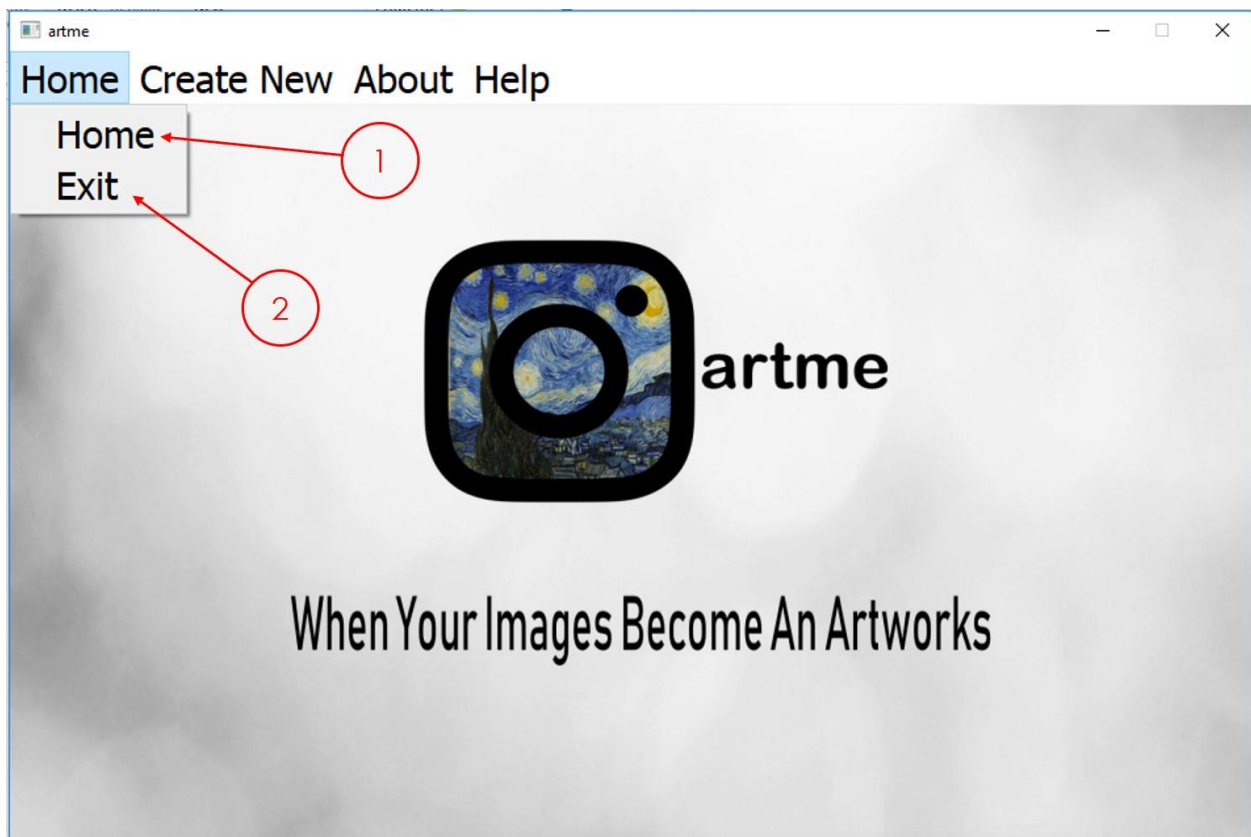

To generate an artwork image, you need to be connected to the internet for the first time only and it must not be limited.

If you don't have an internet connection or if your internet is limited access you can use the option of adding the attached file

"vgg19_weights_tf_dim_ordering_tf_kernels_notop.h5" to the path:

"C:\Users\<UserName>\.keras\models\".
